

RESPONSE TO THE OFFICE ACTION

Application /Control Number: 10/593,889
Art Unit: 2837
Examiner: Andrew Millikin

Applicant: Seiji Kashioka
Date: 12/20/2008

This is response to Advisory Action dated 9/22/2011.

Applicant previously sent amended set of claims 18, 19 and 22 (August 23, 2011). Examiner pointed out that amended claim 19 included new issue and it was necessary to consider and/or search.

Then, to resolve this situation, applicant goes back to claims 18, 19 as of the reply dated March 21, 2011, which was thought allowable by Examiner in action of September 21, 2011. Claim 19 is amended to include again all limitation of old claim 19 in reply of March 21, 2011.

Currently remaining claims are 18 and 19 only. Your check is appreciated.

Now, previously sent claim 19 will be claimed in Continuing Application filed soon after this reply. Applicant got hint to do this from a patent attorney.

Sincerely,

A handwritten signature in black ink, appearing to read "Seiji Kashioka".
